Remember to stay Young At Heart

## ABOUT US

Well, who would have believed it? Here we are 40 years down the track after performing a "one off" show in Terowie in 1984.

Kids in tow, we put on an "Olde Time Music Hall" show for the town's Heritage week, and so began a journey we hadn't planned or expected. Now 40 years later we are ready to bring down the final curtain.

Much water has passed under the bridge since then. Our kids are now grown men and women, and we've lost and gained a few performers and musicians, but we're proud to say that we have now performed on numerous occasions in the Keith Michell Theatre (Port Pirie) and been featured on Channel 7's Sunrise. A real feather in our cap.

Thankfully we have played and pleased our audiences, and played to packed houses, but as we all know, inevitably time marches on. We now have three octogenarians in our troupe who, I'm happy to say are still going strong but sad to think this is an end of an era for us.

"Young At Heart" is to be our last show BUT .... who knows?  
There's No Business Like Show Business!!
